-  <https://chanithi.vercel.app/>
-  <https://medium.com/@chanithidehansa>
-  Pannipitiya, Colombo, Sri Lanka

Professional Profile

Data Science undergraduate with hands-on experience in machine learning, data analytics, predictive modeling, and full-stack software development. Passionate about leveraging data to build intelligent solutions for real-world problems.

Education

Higher Studies

Sri Lanka Institute of Information Technology Malabe

2024 - Present

Bachelor's Degree

BSc (Hons) in Information Technology Specialized in Data Science

CGPA : 3.80/4.00

School Education

Devi Balika Vidyalaya, Colombo 08

2021 - 2023

GCE Advanced Level (Physical Science - English Medium)

Dharmapala Vidyalaya, Pannipitiya

2010 - 2020

GCE Ordinary Level (English Medium)

Technical Skills

- Programming Languages: Python, Java, JavaScript, C, SQL
- Web Development: HTML, CSS, React, React Native, Node.js, Express.js
- Databases: MongoDB, MySQL, Microsoft SQL Server
- Data Science & Machine Learning: NumPy, Pandas, Scikit-learn, TensorFlow, XGBoost, Matplotlib
- Data Analytics & Visualization: Power BI, Jupyter Notebook, Excel
- Tools & Platforms: Git, GitHub, VS Code, Postman, Google Colab
- Concepts: Machine Learning, Data Analysis, Data Preprocessing, Exploratory Data Analysis (EDA), REST APIs

Projects

1) Smart Fertilizer Recommendation & Agricultural Resource Management System

- Developed a full-stack agricultural platform with modules for fertilizer distribution, equipment rental, service booking, and marketplace management.
- Integrated AI/ML-based fertilizer recommendations using soil and environmental data for optimized paddy cultivation.

2) Zoo & Visitor Management Mobile Application

- Developed a React Native mobile application for zoo ticket booking, event management, and animal encounter scheduling, online store, animal education management and feedback management.
- Technologies used: React Native, Node.js, Express.js, MongoDB, REST API

3) Student Depression Prediction System

- Built and evaluated a machine learning classification model using preprocessing, EDA, and classification techniques, achieving 80% accuracy.
- Evaluated model performance using accuracy metrics and confusion matrix

4) Healthcare Customer Care System

- Developed web-based customer care interface using HTML, CSS & JavaScript
- Designed responsive UI for healthcare service interactions

5) Online Medicine Store – Java Spring Boot

- Developed RESTful backend with CRUD operations and JSON-based storage
- Implemented queue-based order tracking and authentication system

6) Automated Garage System (IoT)

- Developed Arduino-based smart garage system using RFID, ultrasonic and PIR sensors
- Implemented embedded C++ logic for automated access control and real-time monitoring

Leadership & Activities

• Women in FOSS Community of SLIIT – Vice Secretary (26/27) Conducted a tech podcast session and moderated a technical session Impactx 2026 – Finance Committee Member	Jul 2025 - Present
• IEEE Student Community - Industry 360 Live & Cast - Organizing Committee Member & Content Writing Team Lead	May 2026 - Present
• SLIIT FOSS Community - Moderated a technical session	Jul 2025 - Jun 2026
• Gavel Club of SLIIT – OC Member (187th Educational Meeting)	Dec 2024 - Dec 2025
• Microsoft Club of SLIIT - Member	Aug 2025 - Present
• Technical Writer	Sep 2025 - Present

Achievements

• Dean’s List Award	1Y2S - 2025
• Dean’s List Award	2Y1S - 2026
• President’s Guide Award Recipient	2023

Licenses & Certifications

• Get Started with Databricks for Data Engineering	Jul 2026
• Tools for Data Science	Jun 2026
• IBM What is Data Science?	Jun 2026
• IBM Data Science Orientation	Jun 2026
• Python for Beginners – University of Moratuwa	Jun 2026
• Building AI Agents with MongoDB	May 2026
• API Learning 101 – Postman	May 2026
• GitHub Dev Day Sri Lanka Session	Apr 2026
• Impactx 2026 - Women’s Day Tech Based Article Writing Challenge - 1st Place	Mar 2026
• Kaspersky Cyberhygiene Course	Jan 2026
• GenAI 101 with Pieces	Feb 2025
• Cambridge C1 Advanced English (CAE) - Passed	2024

Languages

- English (Fluent)
- Sinhala (Fluent)
